Nashik, Maharashtra - 422011, India

PROFESSIONAL SUMMARY

Self-driven Full Stack Web Developer with 3+ years of professional experience in building scalable web applications using Core PHP and transitioning into the MERN stack. Proficient in React.js, Node.js, Express, MongoDB, and MySQL. Skilled in integrating REST APIs, state management, authentication flows, and database design. Strong foundation in clean code, performance optimization, and debugging complex legacy ERP systems. Actively building real-world MERN projects like BuyBusy (E-commerce app) and HabitTracker. Actively seeking React/MERN/Full Stack roles to apply my learning, upgrade my career trajectory, and bring product-first thinking to tech teams.

SKILLS

- **Frontend:** React.js, Redux, HTML5, CSS3, JavaScript (ES6+), TailwindCSS, Bootstrap
- **Backend:** Node.js, Express.js, REST APIs, JWT Auth
- **Database:** MongoDB, Mongoose, MySQL, PostgreSQL
- **Tools and DevOps:** Git, GitHub, Postman, Firebase, Vercel, Netlify
- **Others:** EJS, jQuery, PHP (legacy codebase), ERP Integration

PROJECTS

- **BuyBusy – E-Commerce MERN App** 2025
Tools: React.js, Firebase, Firestore, React Router, Context API 
 - Built a full-fledged e-commerce app using React.js, Firebase Authentication, and Firestore for data storage.
 - Implemented cart management, product filters, spinners, toast notifications, and route protection.
 - Deployed on Firebase Hosting with responsive UI and secure login/register features.
 - Applied [specific method] to analyze [specific aspect]
- **HabitTracker** 2025
Tools: Node.js, Express.js, MongoDB, EJS, Passport.js 
 - Developed a habit-tracking web app with user login, multiple habit tracking, and week-wise status logging (Done/Not Done/None).
 - Created custom EJS templates and integrated RESTful APIs using Express and Mongoose.

PROFESSIONAL EXPERIENCE

- **PS Technologies** June 2023 - Present
Software Developer Nashik, India
 - Built and maintained complex ERP modules for sales, purchase, and invoicing using Core PHP and MySQL.
 - Created dynamic reports and ledger systems for banks and vendor management.
 - Led database refactoring to support unified invoice and inward structure.
 - Worked on PHP-to-Node migration of REST APIs and data flow restructuring.
- **Maxdigi Solutions** June 2022 - June 2023
Software Developer Nashik, India
 - Developed web modules in Core PHP and integrated jQuery and AJAX for dynamic interfaces.
 - Designed MySQL triggers and procedures for syncing sale order and invoice data.

EDUCATION

- **R.Y.K. SCIENCE COLLEGE** June 2016 - June 2021
BSc(Computer Science) Nashik, India

CERTIFICATIONS

- **Coding Ninjas:Full Stack Web Development** August 2025
