

HELVIBEN PATEL

Brampton, ON, Canada | 647-616-0310 | patelhelvi2325@gmail.com

GitHub: github.com/pa002

PROFESSIONAL SUMMARY

Full Stack Developer with 1+ year of experience building scalable web applications using PHP, MySQL, JavaScript, HTML, and CSS. Skilled in RESTful API development, database design, and performance optimization. Experience in Agile environments with strong problem-solving abilities. Additionally experienced in warehouse operations with a proven ability to meet productivity targets and maintain high accuracy in fast-paced environments.

TECHNICAL SKILLS

Languages: PHP, JavaScript, Python, Java, C++

Frontend: HTML5, CSS3, Bootstrap

Backend: PHP, RESTful APIs

Databases: MySQL, DBMS

Tools: Git, GitHub, VS Code

Concepts: OOP, MVC Architecture, CRUD Operations, Agile (Scrum)

PROFESSIONAL EXPERIENCE

Warehouse Associate (Packer)Temp

Amazon Fulfilment Centre, Brampton, ON, Canada | Jan 2026 - Present

- Packed and prepared customer orders with high accuracy while meeting productivity targets
- Verified product details and ensured correct labelling to minimize shipping errors
- Maintained fast-paced workflow while adhering to safety and quality standards
- Collaborated with team members to meet daily shipping deadlines
- Followed warehouse safety protocols and operational procedures

Full Stack Web Developer Intern

Arth Consultancy Services, India | Oct 2023 – Oct 2024

- Developed and maintained full-stack web applications using PHP, MySQL, JavaScript, HTML, and CSS
 - Designed and optimized relational database schemas, improving data retrieval efficiency
 - Built and integrated RESTful APIs for seamless frontend-backend communication
 - Debugged and optimized application performance, contributing to 99.9% uptime
 - Collaborated in Agile (Scrum) environment including sprint planning and daily stand-ups
 - Used Git for version control and team collaboration
-

PROJECTS

Amusement Park Management System

- Developed a PHP & MySQL-based web application for ticket booking and ride scheduling
- Implemented CRUD operations and user authentication
- Designed responsive UI using HTML, CSS, and Bootstrap

Smart Study Planner

- Built a PHP-based application to manage study schedules and track progress
- Implemented dynamic task management features with user-friendly interface

Expense Prediction System

- Developed a PHP & MySQL application to track expenses and analyze historical data
- Implemented basic forecasting logic for future expense prediction

Inventory Management & E-Commerce System

- Designed admin dashboard for real-time inventory tracking and reporting
- Implemented secure backend logic using PHP and MySQL

EDUCATION

Master of Computer Applications (MCA)

Parul University, India | Jan 2026

Bachelor of Computer Applications (BCA)

Parul University, India | Dec 2024

ACHIEVEMENTS & ACTIVITIES

- Recognized for excellence in web application development during undergraduate studies
- Active member of university technical club; participated in coding workshops and hackathons
- Completed certifications in Full Stack Development and Database Management

ADDITIONAL SKILLS

- Strong communication and teamwork
- Detail-oriented with problem-solving mindset
- Ability to work in fast-paced environments and adapt quickly
