PROFESSIONAL SUMMARY

Senior developer with 4+ years of experience building web applications and automation platforms in fintech and SaaS. Specialized in Laravel and PHP backend development, with solid Node.js skills and full-stack experience using React and Next.js. I enjoy taking ownership of complex problems — from designing APIs and system architecture to integrating third-party services and shipping features end-to-end.

Throughout my career I have worked closely with product teams, contributed beyond my assigned scope, and naturally taken on responsibilities like reviewing code and guiding technical decisions. I am now looking for a role where I can grow into that responsibility fully helping shape architecture, supporting teammates, and driving quality across the team. I am also genuinely passionate about learning, whether that means picking up a new technology, language, or framework . I see that as one of the most exciting parts of this field.

EXPERIENCE

Laravel Developer • Full-time

Cloudstack | Nov 2024 – Present

- ▶ Built backend systems for a LinkedIn automation product — developed scalable workflow engines with conditional logic, retry mechanisms, and multi-step sequences.
- ▶ Integrated CRM platforms including HubSpot, Zoho CRM, Salesforce, and Slack — enabling automated data sync and trigger-based actions.
- ▶ Took ownership of complex integration modules from design to deployment; collaborated directly with the product team to define requirements.
- ▶ Worked independently on high-complexity features, often serving as the go-to person for backend architecture questions.

Software Engineer • Full-time

Zil Money | Apr 2022 – Oct 2024

- ▶ Built and maintained backend systems for a US fintech product serving thousands of users.
- ▶ Integrated third-party financial APIs and payment gateways; developed a credit wallet system from the ground up.
- ▶ Managed subscription and billing pipelines integrating Zoho Subscriptions.
- ▶ Designed and maintained RESTful APIs consumed by web and mobile clients; ensured API reliability and versioning.
- ▶ Integrated QuickBooks (Online & Desktop) , Zoho Billing & Books .

PERSONAL PROJECTS

Peedia — E-Commerce Platform with WhatsApp Bot Automation

- Full-stack e-commerce platform with multi-vendor support — Laravel backend, Node.js microservice, React + Next.js frontend.
- Built a full chat-commerce WhatsApp bot — customers can browse products, place orders, and complete payments entirely within WhatsApp, without visiting the website.
- Multi-tenant architecture with custom domain and subdomain support — fully automated provisioning per store.
- Integrated multiple payment gateways, giving merchants flexibility to accept payments through different providers
- Supports customizable themes, allowing each store to have its own branded look and feel.
- Architected the system with isolated data per tenant, role-based access control, and real-time order tracking

Demo Store: <https://pixvolt.peedia.online/>

Bot: [WhatsApp BOT](#)

Tune Wave — Ad-Free YouTube Music Player

- React + Tailwind frontend, Laravel backend; Telegram bot integration for song management.

Live: <https://tune-wave.pages.dev/>

E-Park — Library Management System

- Full-featured library app: books, members, transactions, fines, and reports — Laravel, Bootstrap, jQuery.

Live: <https://epark.botire.in/>

En-ML Telegram Bot — English to Malayalam Dictionary

- Telegram bot powered by OLAM data; Laravel backend with real-time translation and word suggestions.

Bot: https://t.me/en_ml_bot/

TECHNICAL SKILLS

Backend

PHP (Laravel), Node.js, RESTful APIs, MVC Architecture

Frontend

React.js, Next.js, Tailwind CSS, Bootstrap, jQuery

Database & Cloud

MySQL, AWS S3, Git

Integrations & APIs

HubSpot, Zoho CRM, Salesforce, Slack, Zoho Subscriptions

QuickBooks Online & Desktop, Razorpay, Twilio

WhatsApp Cloud API, Telegram Bot API

Other

Workflow Automation, Webhook Design, CRM Sync Systems

EDUCATION

BCA — Bachelor of Computer Applications

University of Calicut • MCAS, Vengara • 2019 – 2022

Plus Two — Commerce

HSE Kerala • 2017 – 2019
