

JISHNU K.B

Laravel Developer | PHP | Magento 2 | MySQL | REST API | Redis | Stripe | Queue/Jobs/Events

+91 7025469725 | jishnukukku01@gmail.com | Kodungallur, India

PROFESSIONAL SUMMARY

Dedicated Laravel Developer with 3+ years of hands-on experience designing, developing, and optimizing high-performance web applications. Expert in Laravel 10/11, Magento 2, RESTful API development, Stripe integrations, Redis caching, and cloud-based media management. Strong collaborator experienced in Agile teams, passionate about building scalable backend systems and delivering reliable, maintainable code.

TECHNICAL SKILLS

Backend: Laravel 10/11, Magento 2, CodeIgniter, Core PHP, Queues, Jobs, Events, Eloquent ORM

Frontend: HTML5, CSS3, Bootstrap, JavaScript, jQuery, AJAX, Blade Templating

Database: MySQL, Redis (Caching, Queues, Session Management)

Tools & Platforms: Git, GitLab, Postman, DigitalOcean, Docker, DigitalOcean Spaces

APIs & Integrations: RESTful APIs, Stripe Payments, Sanctum Authentication, Swagger Documentation

Methodologies: Agile, Scrum, MVC Architecture, OOP, SOLID Principles

PROFESSIONAL EXPERIENCE

Laravel Developer

Irinjalakkuda, India

Bharatham IT Solutions

- Developed and maintained web applications using Laravel framework with MVC architecture, Eloquent ORM, and Blade templating engine
- Built and optimized RESTful APIs for mobile and web integrations with React and Flutter applications
- Implemented Redis caching strategies to enhance API performance by 40% and improve response times
- Integrated Stripe payment gateway for payments, subscriptions, refunds, and webhook handling
- Developed custom wallet and referral systems with secure credit management and transaction logging
- Implemented Laravel Queues, Events, and Jobs for asynchronous task handling and background processing
- Integrated DigitalOcean Spaces for cloud storage and optimized media workflows for scalability
- Collaborated in Agile/Scrum teams for sprint planning, daily stand-ups, and code reviews
- Ensured comprehensive API documentation with Swagger for improved developer collaboration

KEY PROJECTS

Property Rental Web Application

- Developed full-featured property rental platform using Laravel 10 supporting daily and hourly bookings, Stripe payments, Redis caching, Sanctum authentication, and DigitalOcean storage with optimized performance

GO SCHOOL - School Management System

- Built complete school management system using Laravel with REST APIs, role-based authentication, and MySQL database for academic operations including student enrollment, attendance tracking, and grade management

GO HOTEL - Hotel Booking System

- Developed hotel booking system featuring secure backend architecture, optimized database design, RESTful APIs for mobile/web apps, and real-time availability management with payment integration

JOY'S POULTRY APPLICATION

- Created poultry business management platform integrating supplier management, transporter coordination, and sales tracking using Laravel and MySQL with comprehensive reporting features

EDUCATION

Bachelor of Computer Applications (BCA)

Kodungallur

MES Asmabi College

Diploma in Computer Science Engineering

Thiriprayar

Sreerama Govt Polytechnic College

SOFT SKILLS

Effective Communication • Team Collaboration • Problem Solving • Time Management • Adaptability • Attention to Detail • Continuous Learning • Ownership & Accountability
