PROJECTS AND SEMINARS

Projects:

- **Online Theatre:** Developed an innovative platform for managing theatre bookings and ticketing.
- **Online Learning Examination:** Designed a system for conducting online exams with user-friendly interfaces and secure evaluation mechanisms.
- **Profile Toggler:** Created a tool to manage convert mobile profile. Example: silent mode to outdoor mode.
- **Control Cloud Data Access Privilege and Anonymity:** Implemented a secure system utilizing Fully Anonymous Attribute-Based Encryption to safeguard cloud data access.

Seminars:

- **SIP and Puff System:** Explored an assistive technology system for individuals with disabilities to interact with devices using air pressure.
- **Radio Communication for Communication-Based Train Control (CBTC):** Presented advancements in radio-based signalling for enhanced railway communication systems.

Industrial Training:

- **KELTRON, Trivandrum:** Gained hands-on industrial exposure and training at Kerala State Electronics Development Corporation Limited (KELTRON), Trivandrum.

MAIN PROJECTS

- **HRMS Software – Dubai**

Developed a digital HR solution to streamline and automate core HR processes, enhancing task efficiency, employee engagement and compliance with organizational policies and labour laws.

- **Web CPQ Software – Dubai**

Created control valve sizing software to calculate optimal valve dimensions for fluid systems based on flow rate, pressure, and temperature. Implemented industry-standard methods, performance validation, and safety compliance features.

- **Supplier Quality Management System (SQM) – IMI, Bangalore**

Designed and developed a system to optimize supplier evaluation, documentation approval, and process efficiency.

- **Technologies:** Laravel PHP, HTML/CSS, Bootstrap (UI), GitHub, AWS, APIs.
- Later transitioned to **Angular (frontend)** and **.NET (backend)** for enhanced scalability and performance.

- **Online Accounting Software – India**

Designed a custom accounting software solution for Lucky Fisheries to streamline their account management operations.

- **Websites and Custom Software Development – India**

- Created websites and custom software for various organizations, including:
 - Flycarts – Supporting money chain processes.
 - Engineerscadcenter.com – For education.
 - Santhoshcherakulam.com, bssgogreen.com – For election and organization purposes.
 - Momentscloud.in, Fynnmart.com, Bymaled.com, Krishi.com, Cleverfoxstudios.in, Fabiglow.com – E-commerce platforms.

- **Inspection and E-commerce Software – India**

- Parkzapp.com, Shopzapp.com – Designed software for children's park instrument inspections and online purchases.

LANGUAGES

- ✓ **English:** Speaking, reading and writing.
- ✓ **Malayalam:** Native proficiency in speaking, reading and writing.
- ✓ **Hindi:** Speaking, reading and writing.
