SUMMARY

Technical Leader / Principal Engineer with 21+ years of experience in full-stack development, software architecture, and leading high-performing engineering teams. Strong expertise in LAMP stack, microservices, API development, and cloud technologies. Proven track record of delivering scalable and high-quality software solutions. Recently leveraging AI tools like GitHub Copilot, Claude AI, and Gemini AI to enhance development efficiency, code quality, and accelerate debugging, test generation, documentation, production deployment, and production debugging.

SKILLS

- AI-Assisted Development (GitHub Copilot, Claude AI, Gemini AI)
 - Software Architecture & System Design
 - Microservices Architecture
 - REST & SOAP API Development, API Gateway
 - PHP, JavaScript, HTML, CSS
 - LAMP Stack (Linux, Apache, MySQL, PHP)
 - AWS Cloud & DevOps (Jenkins, ArgoCD)
 - Database & Memory (SQL, MySQL, PostgreSQL, Redis)
 - Messages and Streaming (Kafka, RabbitMQ, ActiveMQ)
 - Monitoring & Debugging (Grafana, Kibana)
 - Leadership & Mentoring
 - Agile, Scrum
-

EXPERIENCE

ChargePoint Technologies India Pvt. Ltd.

Technical Lead

Sep 2010 – Mar 2026 | Gurugram

- Led cross-functional teams to deliver scalable software solutions
- Designed and implemented system architectures for complex applications
- Developed and maintained high-quality web applications using modern technologies

- Collaborated with stakeholders to define requirements and project scope
 - Conducted code reviews and enforced best practices
 - Implemented automated testing and improved software reliability
 - Monitored performance and optimized systems
 - Managed full software lifecycle from development to deployment
 - Used GitHub Copilot and Claude AI for faster development and debugging
-

DAMCO Solutions Pvt. Ltd.

Technical Specialist

Sep 2007 – Sep 2010

- Built and maintained LAMP-based applications
 - Improved performance and resolved production issues
 - Mentored developers and supported Agile delivery
-

Earlier Experience

Convex Digital Software Solutions | N&N Chopra Consultants | NIIT

- Developed web applications and APIs using PHP & MySQL
 - Worked on database optimization and third-party integrations
 - Delivered training and mentored learners (NIIT)
-

TECHNICAL STACK

Languages: PHP, JavaScript, Java (Basic), SQL, Python (Basic), Golang (Basic)

Tools: Git, SVN, Jenkins, ArgoCD, Jira, Confluence, phpMyAdmin, MySQL Workbench, VS Code, PHPUnit, Linting

Cloud: AWS, Docker, Kubernetes

Databases: MySQL, PostgreSQL

EDUCATION

- APGDCA – Maharshi Dayanand University
 - B.Sc. – Maharshi Dayanand University
 - Diploma – NIIT
-

HOBBIES & INTERESTS

- Playing badminton, table tennis (TT), cricket, and swimming
 - Passionate about puzzle and problem-solving games
-
