

Mb Abin

Software Developer (Laravel / PHP)

+918848973556 | abinmbenny22@gmail.com | Kannur, Kerala, India

PROFESSIONAL SUMMARY

Software Developer with 3 years of experience building secure, scalable, and high-performance web applications using Laravel and PHP. Strong background in affiliate marketing, payment systems, fintech, and e-commerce platforms, with hands-on experience handling real-world production systems and live financial transactions. Proven expertise in RESTful API development, payment gateway and payout systems, KYC workflows, and third-party integrations including WordPress and WooCommerce. Experienced working both independently and in cross-functional Agile teams. Also familiar with React.js for full-stack collaboration.

TECHNICAL SKILLS

PHP, Laravel, Lumen, REST API Development, MySQL, MVC Architecture, OOP, JWT, Laravel Sanctum, Laravel Breeze, Authentication & Authorization, Stripe, Coinbase, CoinPayments, MetaMask (BNB), Yoco, Payment Gateway Integration, Payout Systems, Wallet Management, KYC & Identity Verification, WooCommerce API, WordPress Integration, Third-Party API Integration, HTML5, CSS3, JavaScript, Bootstrap, jQuery, React.js (Basic), WordPress, Git, GitHub, Postman, API Testing, Database Design, Query Optimization, Agile Development

PROFESSIONAL EXPERIENCE

Software Developer (Laravel / PHP) - BpractSoftware Solutions

Jan 2023 – Present

- Developed and maintained scalable Laravel and Lumen applications used in real-world production environments.
- Built secure RESTful APIs for affiliate marketing, payment, and e-commerce platforms.
- Implemented real-money payment and payout systems using Stripe, Coinbase, CoinPayments and MetaMask (BNB).
- Designed and integrated KYC verification workflows to support fraud prevention and compliance needs.
- Implemented authentication and role-based access control (RBAC) using JWT, Sanctum, and Laravel Breeze.
- Optimized MySQL queries and database schemas to improve performance, reliability, and scalability.
- Integrated WordPress, WooCommerce, and custom external platforms via APIs for product, order, and user synchronization.
- Worked both independently and in cross-functional teams with frontend developers and QA engineers.
- Participated in Agile development, including sprint planning, code reviews, testing, and production releases.

KEY PROJECTS

Affiliate Marketing & Payment Platform

- Built a Laravel-based affiliate marketing platform supporting live users and real-money transactions.
- Implemented commission calculations, referral tracking, payout processing, and KYC verification.
- Developed secure RESTful APIs using JWT authentication.
- Integrated Stripe, Coinbase, CoinPayments, MetaMask (BNB) for crypto and fiat payments.

E-commerce Platform

- Developed backend services for product management, checkout, order tracking, and payment processing.
- Integrated WordPress / WooCommerce and third-party systems.
- Built REST APIs for web and mobile frontends and optimized database performance.

CRM System

- Designed and developed a custom Laravel CRM for customer and lead management.
- Integrated external systems and built reporting and analytics features.

EDUCATION

Master of Computer Applications (MCA)

Mahatma Gandhi University – Kristu Jyoti College of Management and Technology

2020 – 2022

Bachelor of Computer Applications (BCA)

Kannur University – Deva Matha Arts and Science College

2016 – 2019
