Professional Summary

Full-Stack Software Engineer with **4+ years of experience** delivering scalable, secure, and high-performance web and mobile applications. Proficient in **Laravel, Python, .NET WebForms, and Flutter**, with hands-on expertise in **OCR, SAP, and API integrations** for business automation. Strong background in **MySQL, PostgreSQL and SQLite** with proven ability to **lead full project lifecycles**, optimize system performance, and translate business requirements into innovative solutions. Recognized for **clean coding, debugging, and cross-functional collaboration** that drive measurable business impact.

Technical Skills

- **Languages:** Python, PHP, JavaScript, Dart
- **Frameworks:** Laravel, Flask, Livewire, Flutter, Vue.js, ASP.NET
- **Databases:** MySQL, PostgreSQL, MSSQL, MongoDB
- **Version Control:** Git (GitHub, Bitbucket, GitLab)
- **Technologies:** REST APIs, GraphQL, Selenium, Pandas, Filament, Amazon S3, Matplotlib, Seaborn
- **Frontend:** Bootstrap, Tailwind CSS, Alpine.js, jQuery
- **Other:** Unit Testing, CI/CD Pipelines, Debugging, PenTesting

Professional Experience

Linkway Software Solutions - Dubai , UAE

Date: Aug 2023 - Aug 2025

- Designed and deployed **enterprise-level CRM and accounting systems** using Laravel & Livewire.
- Implemented **microservices architecture**, improving scalability and fault tolerance.
- Built and optimized **database solutions**, improving query execution and system reliability.
- Led adoption of **clean code practices, Git workflows, and CI/CD pipelines**, reducing deployment errors.

- Supported **mobile-first strategies** and Flutter-based cross-platform applications for client projects.

SoftInnovation Sdn Bhd - Selangor , Malaysia

Date: Mar 2022 - July 2023

- Delivered multiple **enterprise-grade web applications** using Laravel, PHP, .NET, MySQL, and MSSQL.
- Designed and optimized **high-performance databases**, enhancing data integrity and speed.
- Developed **mobile-friendly, responsive web designs**, boosting user engagement across devices.
- Contributed to **Flutter-based mobile app modules**, ensuring seamless integration with backend APIs.
- Collaborated with cross-functional teams to translate business requirements into technical solutions with a user-centric approach.

Projects

- **Real Estate Web Scraper + Price Estimator (Ongoing)**
 - Automated property data extraction & analysis using Python, Selenium, and Pandas to estimate values and identify pricing trends.
- **Warehouse Stock Management App**
 - Developed a **Flutter mobile app** with **SQLite** for offline inventory tracking. Integrated with **SAP** through a **Laravel backend API**, enabling real-time synchronization of warehouse stock and ensuring accurate product availability across platforms.
- **Eazy Project – All in One ERP**
 - Comprehensive CRM/ERP platform with **multi-company support** and integrated communication via **WhatsApp & SMS APIs** (Laravel, Livewire, MySQL).
- **License & Document Expiry Notification System**
 - Automated OCR-powered system for document expiry tracking with proactive **multi-channel notifications** (Laravel, Filament, Twilio, Google Vision API).
- **OCR Document Processing System**
 - Built a Python-based tool to extract text from PDFs and images using **Tesseract OCR** and exposed it via **REST APIs** for easy integration.
- **Personal Portfolio**
 - Modern portfolio website with dynamic project filtering, contact forms, and an admin panel for easy updates (Laravel, Livewire, Tailwind CSS).

- **INJAS**
 - Inventory & voucher redemption platform with analytics dashboard.
- **SISB Financial Software**
 - ERP modules for financial operations.

Portfolio: mohamedanoof.in

Education

- **Bachelor's Degree in Computer Science And Engineering**
APJ Abdul Kalam Technical University (2017-2021)

Certifications

- **Python Programming** – Quest Innovative Solutions
- **Python for Everybody** – Coursera

Research

- Dark-Net Ecosystem and Cyber-Threat Intelligence (CTI) Tool
- Currently researching: Common Security Vulnerabilities in Modern Web Frameworks (Laravel, Django, ASP.NET, etc.) and Effective Mitigation Techniques

Interests

- Reading
- Swimming
- Playing Football
- Listening to Music
