CERTIFICATION

Certified PHP Developer

Nosce
Completed a comprehensive course covering PHP programming fundamentals, object-oriented programming, and web application development. Acquired skills in building dynamic websites and implementing database interactions.

PROFILE

Software Developer with over 3 years of experience specializing in PHP, Laravel, AJAX, jQuery, React.js, and Stripe payment integration. Recognized for delivering high-quality, scalable solutions and contributing effectively in collaborative team environments. A proactive and innovative professional with a strong focus on continuous learning and growth. Eager to contribute technical expertise and leadership in a dynamic organization that values both innovation and individual development.

WORK EXPERIENCE

Esight Business Solutions

2022 - PRESENT

Team Leader / Software Developer

- Lead a team of developers in designing, developing, and maintaining web applications using PHP and Laravel.
- Supervise project lifecycles, assign tasks, and ensure timely delivery of high-quality solutions.
- Provide technical guidance and mentorship to junior developers to enhance team performance.
- Spearheaded the development of user interfaces using React.js, AJAX, and jQuery to improve usability.
- Directed the integration of the Stripe payment gateway, ensuring secure and seamless payment processing.
- Oversaw performance optimization efforts, debugging, and code reviews to ensure code quality.
- Successfully delivered multiple projects, including ERP systems, CRM applications, admin panels, accounting software, tour packaging systems, booking management systems, learning management systems, and lead management tools — leveraging technologies such as PHP, Laravel, React.js, and Stripe integration to meet client requirements.

NOSCE Techno Solutions

2021 - 2022

Intern Software Developer

- Studied PHP, Laravel, and JavaScript (including AJAX) while developing a simple banking accounting system.
