PROFESSIONAL SUMMARY

Software Developer with over 7 years of experience in designing and developing scalable web applications. Specializes in PHP frameworks such as Laravel and CodeIgniter, with strong hands-on expertise in WordPress development. Core strengths include REST API integration, database optimization, performance tuning, and delivering high-quality, user-focused solutions.

EXPERIENCE

Senior Software Developer | Present

Ayfiz Absalutes Pvt Ltd • Kochi, Kerala

- Lead and coordinate junior development teams, providing technical mentorship and conducting regular code reviews to maintain high-quality standards.
- Spearhead the development of in-house products, including WatchTower — an AI-powered dashboard product targeting founders and SMEs.
- Successfully delivered three company websites: ayfiz.com, ayfizinfo.tech, and ayfizbrand.studio, managing the full development lifecycle from requirements to deployment.
- Manage project coordination across cross-functional teams, overseeing sprint planning and Scrum ceremonies to ensure timely and efficient delivery.

Software Developer | Dec 2021 – Jan 2026

Quintet Solutions Pvt Ltd • Ernakulam, Kerala

- Developed and maintained core backend modules for AftonTickets.com, a high-volume online event ticketing platform.
- Implemented RESTful APIs using PHP and Laravel to ensure seamless communication between frontend and backend systems.
- Optimized database queries and schema design to enhance performance and scalability.
- Collaborated with cross-functional teams to deliver robust, high-performance solutions, maintaining 99.9% uptime.

Web Developer | Jun 2020 – 2021

MrDigitalUK • Kalamassery

- Designed and implemented backend APIs for the Pamtree MLM platform, supporting user hierarchies, product listings, and sales funnels.
- Integrated third-party services, including payment gateways and email marketing platforms, to enhance platform functionality.
- Contributed to the development of both mobile and web applications, ensuring a consistent user experience across all platforms.

PHP Developer | Feb 2019 – Jul 2019

MWT Technology • Infopark, Kakkanad, Kerala

- Contributed to the development and enhancement of a college CRM product focusing on invoice generation and backend process automation.
- Utilized CakePHP, PHP, and MySQL to build robust and scalable solutions.

PHP Developer | Dec 2017 – Feb 2019

Eram Technology • Ernakulam

- Developed key modules for an ERP project — a manpower resource management system for a Saudi-based company — using the Yii2 framework.
- Designed and implemented features for employee hiring, project assignments, invoicing, and time tracking.
- Improved system performance by 15% through code optimization and database tuning.

Web Developer | 2014 – 2016

Masteroe IT Solutions Pvt Ltd • Palarivattam

- Built websites using PHP frameworks; tested, validated, and maintained CRM software.
- Worked on projects including TicketEmi, Matrix Solutions CRM, recruitment portal, and Magento e-commerce sites.
- Utilized CodeIgniter, SOAP, Bootstrap, Ajax, jQuery, PHP, JavaScript, and Magento.

WordPress Developer | Nov 2013 – Dec 2014

Ccube Technology • Aluva

- Developed multiple websites using WordPress, customizing themes, implementing plugins, and optimizing performance.
- Improved website loading speed by 25% through image optimization and caching techniques.
- Collaborated with clients to gather requirements and deliver functional web solutions.

Faculty | Apr 2012 – Nov 2013

Infocom Computer Academy • Perumbavoor

- Provided computer education and training at a professional academy.

PHP · Laravel · CodeIgniter · CakePHP · Yii2 · WordPress · REST APIs · JavaScript · React · HTML · CSS · Git · MySQL · Payment Gateways · Mailchimp · Google Data Studio · ERP · CRM · Email Marketing · Jira · Java · Microsoft Excel

EDUCATION

BCA — Assumption College, Changanacherry

Jan 2010 – Dec 2010

CERTIFICATIONS

- **Java Programming** — IPSR
- **PHP Programming** — Logic Solutions
- **Microsoft Excel** — Microsoft

KEY PROJECTS

AftonTickets.com (Quintet Solutions)

Developed and maintained key features including ticket management, fee calculation, reserved tickets, and embedded checkout using Laravel (backend) and React (frontend), resulting in a 20% increase in online ticket sales.

Pamtree MLM Platform (MrDigitalUK)

Designed and implemented backend APIs using Laravel for managing products, contacts, resources, tags, messages, templates, funnels, Stripe integration, and Mailchimp integration.

MrChatbot Plugin (MrDigitalUK)

Developed a WordPress plugin for creating survey chatbots, including an admin area for managing plugin settings, lead tables, and question views.

Google Data Studio Connector (MrDigitalUK)

Built a connector using Google Script for integrating data from Facebook, Mailchimp, and Klaviyo to provide comprehensive marketing analytics.

ERP System (ERAM Group)

Developed a web-based ERP using Yii2 for manpower recruitment, marketing, mobilization, invoicing, accounting, and payroll — improving operational efficiency by 15%.

College CRM (MWT Technology)

Built a CRM using CakePHP for managing invoice creation, partner invoices, purchase orders, and reports.
