Work Experience

JUNIOR ASSOCIATE SOFTWARE DEVELOPER – Sinjha International Private Ltd.

Jun 2025 - present

- Developing full-stack applications using Python (Flask), PHP, HTML, CSS, Bootstrap, JavaScript and MySQL. Managing version control with Git and GitHub, including branch workflows and collaborative development.
- Debugging and troubleshooting issues to improve application performance and user experience.
- Collaborating with team members to understand requirements and deliver effective solutions.
- Implementing form validation, error handling, and secure data handling practices. Working on real-world projects such as dynamic websites

Projects

- **SMLKH – PHP & Laravel E-commerce Website:** Developed a dynamic e-commerce application using Core PHP, Laravel, and MySQL with an admin dashboard for product and user management. Implemented MVC architecture, CRUD operations, AJAX, pagination, and real-time status updates. Used Blade, Eloquent ORM, and Laravel routing for clean and efficient code. Ensured security with input validation and optimized a responsive UI using HTML, CSS, Bootstrap, and JavaScript.
- **OOPLORE:** Developed and maintained “Ooplore”, a responsive e-commerce website for herbal and personal-care products using HTML, CSS, JavaScript, Bootstrap, Python, PHP, and MySQL. Implemented dynamic UI, backend logic, RESTful API integration, and optimized performance for fast, secure, and device-friendly user experience.
- **SATYA SINJHA AROGYAM – DYNAMIC MEDICAL WEBSITE:** Developed a dynamic medical website with appointment management, admin dashboard, and content management to improve patient engagement. Built using Python (Flask) / PHP, MySQL, HTML, CSS and JavaScript.
- **OTHER PROJECTS:** DP-SQUARE, SINJHA, SOFAR-MEDIA

Education

Bachelor of Technology (B.tech) Electronics & Communication Engineering –

Technocrats Institute of Technology, Bhopal, Madhya Pradesh

CGPA: 8.69

Aug 2022 – Jun 2025

DIPLOMA –(Electrical Engineering)

Veerangana Jhalkari Bai Govt. Girls Polytechnic College, Jhansi

Percentage: 78.9 %

July 2018 – Jun 2021

Certificates

Python Fundamentals Certificate –

Great Learning Completed foundational course in Python programming, covering core concepts like variables, control flow, functions, and data structures.

HTML&CSS Certificate-

Let's Upgrade Gained hands-on experience in web development, building responsive and structured webpages using HTML5 and CSS3. Improved the UI of college website to include a separate page for Alumni and Teachers.
