PROFESSIONAL SUMMARY

- 4+ years of professional experience in backend and full-stack web development.
- Strong expertise in PHP, Laravel, Node.js, JavaScript, and MySQL.
- Hands-on experience in building RESTful APIs, authentication systems, and role-based access control.
- Good understanding of MVC architecture, OOP concepts, and database design.
- Experience working in Agile/Scrum environments with sprint-based delivery.
- Skilled in debugging, performance tuning, and writing maintainable, reusable code.
- Strong communication skills with the ability to work independently and in teams.

TECHNICAL SKILLS

Backend Technologies	-	PHP, Laravel, Node.js (Basic), Express.js
Frontend Technologies	-	HTML5, CSS3, JavaScript, Bootstrap, React.js (Basic)
Databases	-	MySQL, MongoDB (Basic)
API & Integration	-	RESTful APIs, JSON, JWT Authentication, Token-Based Authentication, OAuth 2.0 (Google Authentication), Firebase Push Notifications, Payment Gateway Integration (CCAvenue), WebSocket Integration (Laravel Verbs)
Deployment & Hosting Management	-	cPanel, WHM, Manual Website Deployment, Linux Hosting, SSL Setup, Domain Configuration, Application Environment Setup (Node.js/Python), Basic Server Maintenance & Troubleshooting
Tools & Version Control	-	GitHub, Postman, Visual Studio Code
Architecture & Concepts	-	MVC, OOP, CRUD Operations, Authentication & Authorization
Methodologies	-	Agile, Scrum

PROFESSIONAL EXPERIENCE

Backend Developer | Vkan-V Solutions Pvt Ltd | Velachery, Chennai April, 2024 – May 2026

- Developing and maintaining Laravel and Node.js-based web applications with secure and scalable backend architecture.
- Designing and implementing RESTful APIs for frontend (React) and third-party integrations.
- Working on E-commerce Admin Panel & Website, handling product management, orders, payments, and user roles.
- Optimizing database queries and backend logic to improve performance and response time.
- Collaborating with frontend developers and designers to ensure seamless UI-backend integration.
- Participating in Agile ceremonies including sprint planning, daily stand-ups, and code reviews.
- Created LMS Admin Panel & Website, including user management, course modules, and reporting features.
- Created School ERP systems covering student, staff, and attendance.

- Developed backend modules using PHP, Laravel, and MySQL for multiple client projects.
 - Worked on LMS Admin Panel & Website, including user management, course modules, and reporting features.
 - Contributed to School ERP systems covering student, staff, attendance, and fee management modules.
 - Implemented CRUD operations, validations, and role-based access control.
 - Fixed production issues and enhanced existing features based on client requirements.
 - Followed best coding practices and maintained proper technical documentation.
-

KEY PROJECTS

E-commerce & Employee Management System

- Designed and developed backend services using Laravel and MySQL with secure, scalable architecture.
- Implemented user authentication, role-based access, employee tracking, and payment status modules.
- Built RESTful APIs consumed by web frontend and mobile applications.
- Optimized database queries and API responses to improve performance and reliability.

LMS Admin Dashboard & Reporting Tool

- Developed LMS Admin Panels using both Laravel and Node.js (Express.js) based on project requirements.
 - Designed and implemented RESTful APIs for LMS modules including courses, users, roles, and reports.
 - Built clean and well-structured API contracts to support web frontend integrations.
 - Generated dynamic dashboards and analytical reports for administrators.
 - Improved system reliability and data consistency through strong validation, error handling, and code refactoring
 - Created LMS frontend using React.js and integrated it with Node.js REST APIs
-

KEY ACHIEVEMENTS

- Reduced application bugs by 30–40% through refactoring and systematic debugging.
 - Handled APIs used by 1000+ active users
 - Improved API response time by 25%
 - Managed deployment and maintenance for multiple client websites
 - Successfully delivered multiple modules independently within tight deadlines.
 - Improved API response time and database performance through query optimization.
 - Recognized for quick learning, ownership, and accountability on critical features.
-

EDUCATION

Bachelor Of Science (Mathematics) |
Naachiappa swamigal Arts & Science college, Koviloor, Karaikudi

2018 - 2021

SOFT SKILLS

- Problem Solving
 - Team Collaboration
 - Communication
 - Debugging
 - Adaptability
-

LANGUAGES

- English (Professional Working Proficiency)
 - Tamil (Native)
-

LOCATION FLEXIBILITY

Open to Relocation | Available for Immediate Joining
