PROFESSIONAL SUMMARY

A results-driven Senior Software Engineer with over 13 years of experience specializing in PHP development, particularly with Laravel. Extensive expertise in designing and delivering scalable, modular, and high-performing web applications. Skilled in PHP frameworks such as Laravel, CodeIgniter, and Symfony, with a proven ability to ensure maintainable and performant systems.

- Extensive expertise in PHP frameworks such as Laravel, CodeIgniter, and Symfony, ensuring modular, maintainable, and performant applications.
- Skilled in implementing **RESTful APIs** and integrating third-party services, including **payment gateways** and CRM systems.
- **Expert in database design** and optimization, with hands-on experience in MySQL and PostgreSQL, leading to improved query efficiency and application performance.
- Proficient in modern development workflows, including **version control (Git)**, **CI/CD pipelines**, and **Agile methodologies (SCRUM)**.
- **Solid understanding of SOLID principles**, OOP concepts, and Software Design Patterns to architect maintainable back-end systems.
- Leadership experience mentoring junior developers and collaborating with cross-functional teams to ensure timely delivery and maintain high code quality.

TECHNICAL SKILLS

- **Languages:** PHP, JavaScript
- **Backend:** Laravel, CodeIgniter, Symfony
- **Front-end:** React.js, Next.js, HTML5, CSS3, Sass, Tailwind, Bootstrap
- **Database:** SQL, MySQL, MongoDB, DB2, PostgreSQL, Firebase, Redis, ORMs
- **DevOps/Cloud:** AWS (EC2, S3), Docker, GitLab CI, GitHub Actions, Apache
- **Testing tools:** PHPUnit
- **Tools:** Git, Postman, VSCode, JIRA, Confluence, Trello
- **OS:** Linux, Windows
- **Authentication:** OAuth, JWT, Social Authentication

EXPERIENCE

Senior Full Stack Engineer - Betasquirrel Innovation Labs Pvt. Ltd, UAE(Freelance Engagement: March 2024 – Nov 2024)

- Developed and contributed to the CRM system, improving customer management functionalities and workflow automation.
- Enhanced overall application performance by refactoring code and optimizing database queries.
- Implemented DevOps best practices, streamlining CI/CD pipelines and automating deployments using AWS services such as EC2, S3, and RDS for scalable infrastructure.

Technologies & Tools: Laravel, NodeJs, Express.js, MongoDB, ReactJS, HTML5, CSS, MySQL.

Senior Software Engineer - Mideast Data Systems, UAE (Aug 2023 - Jan 2024)

- Engineered a high-speed single-page web app using React.Js, Laravel, and NextJS, significantly cutting page load times

- Improved overall application performance through strategic code refactoring and database query enhancements. Effectively addressed security threats in the current application, implementing robust measures to strengthen overall system security.

Technologies & Tools: Laravel, Next.js, ReactJS, Bootstrap, HTML5, CSS, MySQL.

Senior Software Engineer - IPStudios, UAE (Nov 2022 - Aug 2023)

- Revitalized an existing web project by migrating it from an obsolete CMS to Laravel and React.js, ensuring maintainable, modular, and well-structured code for easier long-term development and scalability.
- Integrated OAuth and Social Account Authentication for secure and streamlined user login, improving overall user experience.
- Pioneered a NodeJS and React-based Proof of Concept (POC) for HR Management System, delivering a 15% improvement in process efficiency.

Technologies & Tools: Laravel, NextJS, React.js, CouchCMS, jQuery, Bootstrap, HTML5, CSS, MySQL

Senior Software Engineer - Sacoor Brothers, UAE (Nov 2021 - Feb 2022)

- Collaborated on the development of the Stock Replenishment Module, fostering teamwork and providing peer guidance to enhance overall project efficiency
- Automated the sending of marketing emails and SMS, increasing company revenue by 15%

Technologies & Tools: PHP, Laravel, MySQL

Senior Software Engineer- Krews Ltd, Abu Dhabi, UAE (Dec 2019 - Sep 2021)

- Architected B2B and B2C web projects for a startup using Laravel, including database design and performance tuning to ensure scalability and system reliability.
- Collaborated on building a B2C online ticket booking system integrated with B2B services, improving overall functionality and user experience.
- Implemented best coding practices to optimize system performance and enhance code maintainability.

Website: gportal.io

Technologies & Tools: Laravel, React, Lumen, NodeJs, MySQL, and Firebase.

Lead Software Engineer - Contracting Plus India Pvt Ltd, India (Aug 2017 – Sep 2019)

- Designed and developed new features that improved user experience and increased company revenue by attracting 30% more clients to file tax returns through the company portal.
- Participated in agile development sprints, contributing to the successful deployment of a scalable web application that leveraged cloud technologies to enhance performance and user experience
- Led code reviews and provided coaching on Laravel best practices, ensuring code quality, consistency, and fostering the growth of junior developers in the team.

Website: taxreturnsplus.com

Technologies & Tools: Laravel, MySQL, Core PHP

Technical Lead - National Informatics Center (NIC), India (Oct 2013 – Aug 2017)

- Led the development of a Fintech system for the Kerala Government Treasury, managing financial transactions for over 500,000 employees.
- Optimized database architecture with DB2, improving salary processing speed by 80%.
- Automated savings account transactions, ensuring **data security** and scalability, significantly reducing manual efforts.

- Collaborated with government officials to streamline payroll processing.

Website: tsbonline.kerala.gov.in

Technologies & Tools: Laravel, CodeIgniter, Symfony, Android, Core Java, MySQL

IT Officer - Department of Animal Husbandry Kerala, *India* (Oct 2011 – Oct 2013)

Software engineer - Carmine Technologies Pvt. Ltd, *India* (Dec 2010 – Oct 2011)

EDUCATION

Master of Computer Application(MCA)- College of Engineering Trivandrum

CERTIFICATIONS

- **AWS Certified Cloud Practitioner** – Amazon Web Services (AWS)

Issued: Mar 2024 | Expires: Mar 2027
