EDUCATION

COMPUTER SCIENCE ENGINEERING (B.TECH)

Mar Baselios College of Engineering
2013 – 2017

SKILLS

- PHP Development
- JavaScript HTML
- Database Management
- Front-End Development
- Software Development Life Cycle
- API Development & Integration
- Visual Studio
- MVC: Laravel, Symfony, CodeIgnite
- Performance Optimization
- Version Control (Git, GitHub, Bitbucket)
- Cross-Functional Collaboration

LANGUAGES

- English
- Malayalam
- Hindi - Fluent

PROFILE

Results-driven Software Developer with 5+ years of experience in full-stack web development, specializing in PHP, JavaScript, AJAX, and MySQL. Proven expertise in developing scalable web applications, RESTful APIs, and healthcare & government software solutions. Skilled in front-end technologies (Bootstrap, HTML, CSS) and database optimization, ensuring high-performance applications. Adept at debugging, performance tuning, and third-party API integration to enhance system efficiency. Strong knowledge of SDLC, Agile methodologies, and version control (Git, GitHub, Bitbucket). Effective collaborator with cross-functional teams, delivering secure, user-friendly, and high-quality software solutions.

WORK EXPERIENCE

SENIOR PHP DEVELOPER

Jan 2023 – Present

MOTION EDUCATION PRIVATE LIMITED

- Developed a RESTful API to expose critical business functionality to third-party applications, enhancing integration and operational efficiency.
- Designed and implemented a real-time web application to improve customer interactions and provide custom analytics for data-driven decision-making.
- Engineered secure, scalable, and high-performance PHP applications, ensuring seamless user experience and business continuity.
- Optimized database performance and query execution to enhance system responsiveness and minimize downtime.
- Collaborated with cross-functional teams, including UI/UX designers and product managers, to align development with business goals.
- Conducted code reviews, debugging, and troubleshooting to ensure high-quality software deliverables.
- Developed and maintained API documentation to facilitate seamless third-party integrations.
- Implemented best coding practices, security protocols, and performance optimizations to improve software quality and maintainability.
- Provided mentorship and technical guidance to junior developers, fostering a collaborative and knowledge-sharing environment.

JUNIOR DEVELOPER

Aug 2021 - Dec 2022

HODO MEDICAL INFORMATICS SOLUTIONS PVT. LTD.

- Developed and maintained management software for clinics, hospitals, and diagnostic centres, streamlining healthcare operations.
- Built secure and scalable web applications using PHP, JavaScript, and MySQL, ensuring optimal system performance.
- Designed and implemented custom healthcare solutions, improving patient data management and reporting.
- Assisted in the development, testing, and deployment of medical informatics software to meet industry standards.
- Collaborated with healthcare professionals to enhance software usability and efficiency.

COMPUTER SKILLS

- JavaScript HTML
- CSS
- PHP
- SQL
- PGSQL
- MYSQL

PERSONAL DETAILS

Nationality	Indian
D O B	19.01.1995
Gender	Female
Passport No	L 2928650

SOFTWARE DEVELOPER

Nov 2019 – Jul 2021

PRAVIZ TECHNOLOGIES

- Led the development of a government project for the Animal Husbandry Department, State of Kerala, ensuring compliance with regulatory standards.
- Designed and developed custom web applications using PHP and JavaScript, enhancing operational efficiency.
- Integrated database management solutions, ensuring data integrity and optimizing performance.
- Worked closely with stakeholders to gather requirements and implement software solutions tailored to their needs.
- Conducted code reviews, bug fixes, and performance optimization for smooth application functionality.

JUNIOR SOFTWARE DEVELOPER

Nov 2018 – Nov 2019

CODELAYER TECHNOLOGIES

- Developed and maintained export system projects using PHP, JavaScript, and AJAX, ensuring seamless data handling and processing.
- Designed and implemented responsive web applications using Bootstrap, improving UI/UX for end users.
- Created verification forms with front-end validation to enhance system security and user authentication.
- Collaborated with cross-functional teams to troubleshoot and optimize system performance.
- Assisted in debugging, testing, and refining web applications to meet client requirements.

DECLARATION

I hereby declare that the above particulars of facts and information stated are true, correct and complete to the best of my belief and knowledge.
