ABOUT ME

As a passionate and innovative Lead Developer with 8.5 years of experience in software engineering and systems engineering, I am eager to bring my expertise to your dynamic team. My commitment to delivering high-quality solutions and my collaborative spirit make me an ideal candidate. I am excited about the opportunity to contribute to your projects and drive success through cutting-edge technology and teamwork. Let's create exceptional software together!

WORK EXPERIENCE

LEAD DEVELOPER

Kodsmith Pvt Ltd

FEB - 2023

OCT - 2025

- Led a team of developers to deliver projects ahead of schedule.
- Increased code efficiency by 30% through innovative solutions.
- Implemented best practices, reducing bugs by 40% in production.
- Drove successful migrations to cloud platforms, enhancing scalability.
- Streamlined development processes, cutting delivery time by 20%.
- Pioneered new technologies, positioning the company as an industry leader.

SOFTWARE ENGINEER

Design Esthetics, Bangalore

JUN - 2017

JAN - 2023

- Participated in Agile development practices, including daily stand-ups, sprint planning, and retrospective meetings.
- Conducted code reviews and implemented performance optimizations to maintain a high-quality, efficient codebase.
- Collaborated with cross-functional teams to design and implement new features based on client requirements.
- Implemented continuous integration and deployment (CI/CD) processes to streamline and improve software delivery.

SYSTEM ENGINEER

Nandi Business Solutions & Mahanandi Business Pvt,
Bangalore

AUG - 2016

MAY - 2017

- Performed requirement analysis and system design.
- Developed prototypes to validate concepts and gather feedback.
- Delivered end-to-end implementation using CodeIgniter and Laravel frameworks.
- Designed and optimized database structures.
- Prepared unit test cases to ensure code quality and reliability.
- Created comprehensive documentation for system design, workflows, and interfaces.
