PROFESSIONAL SUMMARY

Full Stack Developer with **3.7+ years of experience** in building scalable, high-performance web applications using **Angular and Laravel**, along with hands-on experience in **cloud deployment and DevOps practices**.

Experienced in managing production deployments using **AWS (EC2), Linux servers, and Nginx**, with practical exposure to **Docker and CI/CD pipelines**.

Strong expertise in system architecture, backend integration, and team leadership. Passionate about building reliable systems and continuously improving DevOps skills.

TECHNICAL SKILL

Languages & Frameworks

Angular, TypeScript, JavaScript, PHP, Laravel

Frontend

HTML, CSS, Sass, Bootstrap, Three.js, Responsive Design, Cross-browser Compatibility

Backend & Database

Laravel, REST APIs, MySQL

DevOps & Cloud

AWS (EC2), Linux Server Management, Nginx

Docker (Hands-on Learning)

CI/CD (GitHub Actions – Learning)

Tools & Platforms

Git, GitHub, Postman

Other Skills

System Design, MVC Architecture, Project Architecture, Team Leadership, UI/UX Design

Learning

AI & Data Science

PROFESSIONAL EXPERIENCE

Thikse Software Solutions Pvt Ltd

Assistant Manager | Team Lead | Full Stack Developer | DevOps (Cloud & Deployment)

May 2024 – Present

Roles & Responsibilities

- Led end-to-end development of web applications using Angular and Laravel
- Designed and implemented scalable MVC architecture
- Managed a team of **4 developers**, including sprint planning and task allocation
- Coordinated directly with CEO and stakeholders for requirement analysis
- Developed and integrated RESTful APIs with frontend applications
- Managed deployment using AWS EC2, Linux servers, and Nginx configuration
- Handled production server setup, hosting, and environment configuration
- Implemented deployment workflows and environment management
- Ensured code quality using Git and best development practices

Key Achievements

- Delivered **5+ production applications used by 1000+ users**
- Improved application performance by **30% (optimized UI & API calls)**
- Reduced API response time by **20% through optimized integration**
- Successfully launched **Fuoday (HRMS & ATS platform)**

Projects

- **Fuoday.com – HRMS & ATS Application**
→ Developed employee management, attendance, and recruitment modules
- **Areg.in – Organization Website**
→ Built responsive UI and integrated backend APIs

- **Thikse.in – Company Website**
→ Designed and deployed optimized company website
- **E-commerce Platform (Client Project)**
→ Developed product, cart, and order management features

Netaxis IT Solution Pvt Ltd

Frontend Developer

Apr 2022 – Mar 2024

Roles & Responsibilities

- Developed responsive web applications using Angular, HTML, CSS, and JavaScript
- Built reusable UI components for scalable frontend architecture
- Implemented animations, scroll effects, and enhanced UI/UX
- Collaborated with backend team for API integration
- Optimized performance and ensured cross-browser compatibility
- Managed multiple projects and delivered on time

Key Achievements

- Delivered **13+ projects**, including **3 live production websites**
- Improved user engagement by **25% through UI/UX improvements**

Live Projects

- <https://name.page>
- <https://ctrlify.com>
- <https://aismartcaller.com>
- <https://sitespedia.com>

PROJECT HIGHLIGHTS

- Built complete **HRMS + ATS system** with real-time functionality
- Developed scalable frontend architecture using Angular
- Integrated frontend with Laravel backend APIs
- Implemented advanced animations using Three.js
- Managed full deployment lifecycle using AWS and Linux servers

DEVOPS EXPOSURE & LEARNING

- Managing application deployment using AWS EC2 and Linux servers
- Configuring Nginx for hosting Angular and Laravel applications
- Practicing Docker containerization for application deployment
- Learning CI/CD pipelines using GitHub Actions
- Working on deployment workflows and environment configurations
- Setting up basic CI/CD workflows for automated deployment (learning & practice)

EDUCATION

B.Tech – Mechanical Engineering

Alpha College of Engineering and Technology

2015 – 2019
