

Shiv Shanker Prajapati

Full Stack Web Developer

I am a highly skilled Full Stack Developer with **14+ years of experience** in designing, developing, and managing scalable web applications, including **eCommerce platforms, ERP systems, and enterprise solutions**. I specialize in both frontend and backend development with deep expertise in **Angular, Vue.js, React, Laravel and Node.js microservices architecture**.

I combine strong technical capabilities with a solid understanding of business processes to deliver robust, maintainable, and performance-driven solutions aligned with organizational goals.

Specialties: Laravel, Node.js, Vue.js (2/3), React, Angular, CakePHP, CodeIgniter, WordPress, REST/SOAP API integration, MySQL, PostgreSQL, MongoDB, project planning, and team leadership.

EXPERIENCE

QwikGig Tech Solutions

Senior Web Developer

January 2025 - Present

E-260, fair Tower, 4th floor, office no. - 401, Phase 8B, Industrial Area, Mohali, Punjab, India

- Re-engineered the base code into a **modular and maintainable architecture**, improving scalability and reducing technical debt.
- Redesigned and normalized the database schema for the Claims & Cases module, enhancing data integrity and performance.
- Designed detailed **ER and ORM model diagrams** defining entity relationships and ensuring consistency across backend layers.
- Developed and automated **complex business logic** for claim discovery, case tracking, and status history with minimal manual intervention.
- Implemented **automation scripts** for claim validation and process tracking, improving operational efficiency.
- Led a full project redevelopment using the **MERN stack (MongoDB, Express, React, Node.js)** after initial architecture completion.
- Transitioned from a monolithic to a **microservice-inspired modular structure** integrated via **Kafka streaming** for real-time communication.
- Collaborated cross-functionally to define **technical standards**, optimize backend performance, and streamline **CI/CD workflows**.

SKILLS

Frontend Technologies: React, AngularJS, Vue 2, Vue 3, JavaScript, jQuery, Bootstrap

Backend Technologies: Laravel, CakePHP, CodeIgniter, Zend, Node.js Microservices, Symfony

Databases: MySQL, MongoDB, PostgreSQL

Content Management Systems: WordPress

API Development: REST, SOAP, Third-party APIs (Google Maps, AWS, Facebook, Twitter, LinkedIn, Amazon MWS)

Payment Gateways: PayPal, Stripe

Web Hosting & Cloud: WHM, cPanel, AWS EC2, S3, RDS

Version Control: Git, Bitbucket

Project Management: Agile, Scrum, Jira

Languages: English, Hindi

Eastern Enterprise (Oostelijke Onderneming LLP) 1 years 10 month

Senior Software Developer

March 2023 – December 2024

House no 19, Clover park, 49 Viman Nagar, Lohagaon, Pune, Maharashtra, India

- *Led the development of **scalable web applications** using Vue 3 (frontend) and Laravel (backend).*
- *Architected and implemented **Laravel-based backend services and APIs** to support high-performance systems.*
- *Collaborated with cross-functional teams to deliver **full-stack solutions** and provide technical guidance.*
- *Conducted **code reviews** ensuring adherence to clean architecture and best practices.*

Oqtic Softwares Private Limited 7 years 4 month

Senior Project Lead

September 2017 – January 2023

- *Directed teams of 10+ developers using technologies such as Angular, Vue.js, Laravel, Node.js, WordPress, CakePHP, and CodeIgniter to deliver high-performance web applications, achieving a 95% success rate on deliverables.*
- *Led the integration of mobile web services and REST/SOAP APIs using JSON, ensuring seamless interoperability with third-party platforms.*
- *Planned and executed complex projects, leveraging MongoDB for scalable database management and applying Agile methodologies for efficient project delivery.*
- *Conducted regular training sessions on advanced frameworks and tools, increasing team productivity by 40%.*
- *Fostered team collaboration and addressed technical challenges, improving client satisfaction scores by 25%.*

Project Lead

September 2015 – August 2017 (2 years)

2CP-208 E-Block, Rajajipuram, Lucknow, Uttar Pradesh, India

- *Developed strategies for the team to achieve project goals with the necessary information.*
- *Supervised team efforts in jQuery, JavaScript, and backend frameworks, ensuring quality control and adherence to best practices.*
- *Provided training and support as needed, addressing any issues that arose.*

- Guided the team in their tasks, ensuring a friendly and productive work environment.

Unicode Systems *3 years 7 months*

Senior Software Engineer

April 2013 – August 2015 (2 years 5 months)

187-B, Agile Heights, 2nd Floor, Tedhi Pulia Ring Rd, Sector 14, Lucknow, Uttar Pradesh, India

- Worked with various technologies including Zend, Zendfox, CakePHP, and Magento.
- Learned the MVC software design pattern and utilized an object-oriented database model.
- Recognized as a good team player and problem solver.

Software Engineer

February 2012 – March 2013 (1 year 2 months)

187-B, Agile Heights, 2nd Floor, Tedhi Pulia Ring Rd, Sector 14, Lucknow, Uttar Pradesh, India

- Worked as a Software Engineer, specializing in Core PHP.
- Learned the fundamentals of web-based technologies.

EDUCATION

KAMLA NEHRU INSTITUTE OF MANAGEMENT & TECHNOLOGY, SULTANPUR — *Master of Computer Applications (M.C.A.)*

2008 - 2011

University of Lucknow, Lucknow — Bachelor of Science (B.Sc.)

2004 - 2007
