

Suraaj Kanna V

Senior Software Engineer | PHP & AWS Cloud Deployment | API & OpenAI Integration | 10+ Years Experience

Kochi, Kerala

suraajkanna@gmail.com

+919446782810

Senior Software Engineer with 10+ years of experience in building, deploying, and maintaining scalable web applications and cloud-based solutions. Currently based in Infopark, Kochi, with strong hands-on experience in AWS infrastructure, production deployments, and backend development.

My core strength lies in bridging development and infrastructure. Over the years, I have worked extensively on deploying and maintaining live production environments, configuring Ubuntu-based servers, managing AWS resources, and supporting large-scale PHP applications used by global clients.

I specialize in PHP and CodeIgniter development with solid experience in MySQL and MongoDB, while also focusing heavily on cloud infrastructure including EC2 deployment, server configuration, RDS setup, Elastic IP management, and security group configuration. I have been responsible for end-to-end deployment and maintenance of web applications, ensuring performance, security, and uptime.

In addition to development and infrastructure, I work with REST APIs,

OpenAI APIs, and automation tools to build scalable and intelligent solutions. I am comfortable handling small teams, coordinating deployments, and delivering complete solutions from architecture to production support.

Core Expertise:

AWS & Cloud Infrastructure (EC2, RDS, Elastic IP, Security Groups, Spot Instances)

Ubuntu Server Setup & Production Deployment

PHP & CodeIgniter Backend Development

MySQL & MongoDB Database Management

REST API & OpenAI API Integration

Application Deployment & Production Maintenance

Willing to relocate: Anywhere

Work Experience

Senior Software Engineer

Nesote Technologies Private Limited-Kochi, Kerala

Full-time

1 month notice period

May 2015 to Present • Full-time

Company Name: NESOTE TECHNOLOGIES Pvt Ltd.
