Summary

I am a passionate and dedicated Web Developer with hands-on experience in building responsive and user-friendly web applications. I have solid expertise in front-end technologies like HTML, CSS, Bootstrap5, and I am proficient in back-end development using Core PHP, MySQL, and WordPress. I have also worked with jQuery for DOM manipulation and interactive UI components.

My goal is to contribute to clean, maintainable, and scalable code while learning and growing with every project I work on.

Skills

- HTML5, CSS3, Bootstrap5
- PHP, MySQL
- WordPress (Theme Customization, Plugin Use)
- jQuery, AJAX

Education

Bachelor of Science in Computer Science (2021–2024)

Barkatullah University, Bhopal – Completed

Languages

1. Hindi
2. English

Experience

PHP & WordPress Developer
Binary Web Software, Ichhawar, Sehore (M.P.)
Jan2024 –April 2026

I **worked** as a PHP & WordPress Developer, where I was responsible for developing and maintaining dynamic, database-driven web applications and websites. My responsibilities included creating clean, responsive user interfaces using HTML, CSS, and Bootstrap5, as well as managing backend functionality using Core PHP, MySQL, WordPress, and basic knowledge of laravel.

I actively contributed to several projects involving custom theme development, admin panel creation, form handling, and CRUD operations. I followed best coding practices to deliver optimized, maintainable, and scalable code within the WordPress environment.
