PROFESSIONAL SUMMARY

Results-driven Laravel/PHP Developer with nearly 4 years of hands-on experience building scalable web applications and RESTful APIs. Proficient in Laravel, MySQL, JavaScript, and modern development workflows including Git version control and AI-assisted tooling. Experienced in delivering end-to-end features across SaaS platforms, recruitment systems, and document management solutions. Strong communicator with a track record of cross-functional collaboration and on-time delivery in agile environments.

TECHNICAL SKILLS

Backend: PHP, Laravel (v6.x–12.x), Core PHP, RESTful API Design

Database: MySQL (schema design, query optimization, data modeling)

Frontend: HTML5, CSS3, Bootstrap, JavaScript, jQuery, Ajax, React.js (learning)

Tools & Platforms: Git, GitHub, GitLab, Cursor AI, Claude AI, Antigravity AI

Other: Agile/Scrum, Code Review, Performance Optimization, Scalable Architecture

WORK EXPERIENCE

Software Engineer

May 2025 – Present

Direct Axis Solutions Pvt Ltd | UL Cyberpark, Kozhikode, Kerala

- Developing and maintaining cloud-based ERP modules for UAE-based document clearing, Amer, and Tasheel centers.
- Implemented automated transaction fetching, reducing manual data entry and improving operational efficiency.
- Ensured multi-center deployment across UAE with real-time access, scalability, and security compliance.

Associate Laravel Developer

Jul 2024 – Mar 2025

Toolyt | Bengaluru, Karnataka

- Built and enhanced backend APIs for a mobile-first Sales Enablement SaaS platform serving enterprise clients.
- Developed features for sales pipeline management, customer interaction tracking, and workflow automation.
- Integrated real-time communication tools to improve internal collaboration and decision-making speed.

Laravel Developer

Sep 2023 – Jun 2024

Aventus Informatics | Infopark, Koratty, Kerala

- Contributed to Xcruit.com, a large-scale recruitment platform, implementing job postings, CV parsing, and bulk candidate management.
- Improved user engagement through automated email notifications; reduced reported bugs by systematic QA and performance enhancements.

PHP / Laravel Developer

May 2022 – Aug 2023

Proventtus Global Services Pvt Ltd | Palarivattom, Kochi, Kerala

- Developed backend APIs and admin panel for Sabka, a Laravel + Flutter job portal with employer and candidate-facing features.
- Specialized in the Empanelled Employer section, streamlining job listing, candidate screening, and hiring support workflows.

KEY PROJECTS

AxisPro ERP (axisproerp.com)

- Cloud-based ERP for UAE document clearing centers; contributed to transaction management, workflow automation, and multi-center reporting modules.
- Improved data accuracy and reduced manual entry through automated transaction fetching integrations.

SmartPro DMS (smartpro.axisproerp.com)

- Document Management System built within AxisPro ERP to digitize document renewals, submissions, and processing requests with streamlined user workflows.

Toolyt.com – Sales Enablement Platform

- Mobile-first SaaS platform for sales team productivity; delivered API features for pipeline management, activity tracking, and collaboration tools.

Xcruit.com – Recruitment Platform

- Added job posting, CV parsing, profile tracking, and bulk candidate management features for a high-traffic recruitment platform.

Sabka – Job Portal

- Backend API development and admin panel management; specialized in employer-facing modules and job listing workflows.
