

# VINAYAK CHANDRAN

**Full-Stack Engineer | Laravel | Vue.js | AWS | PHP | REST APIs**

Email: vinayakchandran217@gmail.com | Phone: +91 95264 17479

Location: Kollam, Kerala | LinkedIn: linkedin.com/in/vinayak-chandran

## PROFESSIONAL SUMMARY

---

Full-Stack Engineer with 9+ years of experience architecting scalable web applications across healthcare, e-commerce, and B2B sectors. Led delivery of 50+ production applications while maintaining 99.9%+ uptime. Expert in Laravel, Vue.js, PHP, JavaScript, MySQL, AWS, Docker, and REST APIs. Proven track record in team leadership, cloud infrastructure, and driving measurable business impact through efficient technical solutions.

## CORE TECHNICAL SKILLS

---

**Frontend:** Vue.js, JavaScript (ES6+), jQuery, HTML5, CSS3, Responsive Design

**Backend:** PHP, Laravel, CodeIgniter, RESTful API Architecture, REST APIs, Microservices

**Cloud & DevOps:** AWS, Docker, DigitalOcean, Git, GitHub, Bitbucket, CI/CD

**Database & Integration:** MySQL, Amazon SP-API, Amazon MWS, Payment Gateway Integration (Stripe, PayPal, Square, Authorize.net, Affirm, Heartland, Google Pay), Sentry, Mailgun

**CMS & E-commerce:** WordPress, Shopify, OpenCart, Custom Plugin Development

## PROFESSIONAL EXPERIENCE

---

### Senior Full-Stack Engineer

*Hiworth Solutions Pvt Ltd, Technopark, Trivandrum | May 2023 - Present*

- Architected and deployed 15+ enterprise-grade applications with robust scalability and performance optimization using modern tech stack
- Streamlined third-party REST API integrations reducing data processing time by 50% through efficient Laravel backend architecture and MySQL optimization
- Achieved 99.9%+ uptime across all production systems through proactive monitoring with Docker containerization and AWS cloud infrastructure

### Full-Stack Engineer & Team Lead

*Task19 Technologies Pvt Ltd, Kaloor, Ernakulam | Nov 2017 - Apr 2023*

- Built comprehensive Amazon seller ERP platform with automated inventory management, order processing, and sales analytics using Amazon SP-API/MWS integrations
- Developed multi-tenant job portal and recruitment management systems leveraging microservices architecture, REST APIs, and advanced database filtering with automated matching capabilities
- Created educational ERP systems featuring attendance tracking, grade management, parent portals, and fee collection with secure payment gateway integration
- Led development teams, mentoring junior developers in full-stack best practices while establishing coding standards and version control workflows that improved code quality and reduced technical debt

### Web Developer

*Orange Dice Solutions, Kollam, Kerala | Jan 2015 - Oct 2017*

- Successfully delivered 20+ educational and e-commerce platforms on time within budget constraints
- Improved client website performance by 60% through backend optimization, database query tuning, and front-end enhancement techniques
- Established long-term partnerships with 10+ clients through exceptional service delivery and custom solutions

## FEATURED PROJECTS

---

**Sign-Tech Platform** – Comprehensive B2B advertising portal with vendor management, order tracking, and financial integrations (Scala, QuickBooks)

*Tech Stack: Laravel, PHP, Vue.js, MySQL, REST APIs, QuickBooks API, AWS*

**Engines Power & Dealers Portal** – Multi-tenant service management system for engine maintenance contracts with warranty lookup and parts management

*Tech Stack: Laravel, PHP, MySQL, Vue.js, REST APIs, Docker*

**Wagner Medical Clinic Portal** – HIPAA-compliant patient management system with appointment scheduling, lab report integration, and Azalea API connectivity

*Tech Stack: Laravel, PHP, Vue.js, MySQL, REST APIs, Azalea API, AWS, HIPAA Compliance*

**The Land App** – Advanced GIS-enabled property management platform with collaborative mapping and data visualization

*Tech Stack: Laravel, PHP, Vue.js, MySQL, JavaScript, Google Maps API, GIS Integration*

**Tanked Fuel Delivery App** – Real-time fuel delivery platform with route optimization and subscription management

*Tech Stack: Laravel, PHP, Vue.js, MySQL, REST APIs, Payment Gateway Integration, Google Maps API*

**Cruzy Cruise Booking** – Dynamic cruise reservation system with Quickbase integration and multi-regional data synchronization

*Tech Stack: Laravel, PHP, Vue.js, MySQL, Quickbase API, REST APIs*

*Complete portfolio with 15+ additional full-stack projects available upon request*

## EDUCATION

---

**BSc in Computer Science** – University Institute of Technology, Kerala University | 2013

**Higher Secondary in Computer Science** – Kerala HSC Board | 2010

## KEY ACHIEVEMENTS

---

**Project Delivery Excellence** – Successfully delivered 50+ production applications across healthcare, e-commerce, real estate, and B2B sectors with 100% on-time completion rate

**System Reliability** – Maintained 99.9%+ uptime across all production environments through proactive monitoring, containerization with Docker, AWS optimization, and robust architecture design

**Business Impact** – Generated business value through process automation using microservices, REST APIs, system efficiency improvements, and scalable cloud architecture

**Technical Leadership** – Successfully managed and mentored development teams while establishing coding standards, implementing Git workflows, and promoting best practices

**Legacy Modernization** – Led seamless migration from legacy Amazon MWS to modern SP-API systems ensuring zero data loss and maintained service continuity

## PROFESSIONAL STRENGTHS

---

**Technical Leadership** – Proven ability to architect scalable solutions using modern frameworks and cloud platforms while mentoring development teams

**Project Management** – Experience with JIRA for task tracking, sprint planning, Agile methodologies, and team collaboration

**Problem Solving** – Expert at translating complex business requirements into efficient technical solutions using appropriate technology stack

**Adaptability** – Quick learner with ability to master new technologies including modern JavaScript frameworks, cloud platforms, and DevOps tools
