- Database Management: MySQL, SQL, Database Design & Optimization
- API Development: RESTful API Design & Integration
- Software Development: SDLC, Agile, STLC, Requirements Gathering
- Problem Solving: Debugging, Troubleshooting, Solution Design, Quality Assurance
- Version Control: Git, GitHub, GitLab

PROFESSIONAL EXPERIENCE

Senior PHP & React Developer

Enoah iSolution | June 2022 - February 2026 (3 years 9 months)

- Led cross-functional teams in delivering scalable, high-performance web applications, resulting in improved system reliability and user satisfaction
- Architected and developed end-to-end software solutions using Laravel, React.js, and MySQL for healthcare and education sectors
- Implemented best practices in coding standards, testing methodologies, and deployment processes to enhance application performance by 30%
- Collaborated with product managers, designers, and stakeholders to translate business requirements into technical specifications
- Mentored junior developers and conducted code reviews to maintain code quality and knowledge sharing

Senior PHP Developer

bMuse India Private Limited | October 2021 - June 2022 (9 months)

- Developed and maintained complex web applications using PHP frameworks, ensuring code quality and performance optimization
- Collaborated with cross-functional teams to deliver projects on time and within budget
- Participated in requirement analysis, solution design, and technical documentation

PHP Developer

Mizzio Eighteen Digital Solutions | February 2019 - October 2021 (2 years 9 months)

- Designed and developed dynamic web applications using PHP, MySQL, and JavaScript frameworks
- Implemented responsive user interfaces and integrated third-party APIs for enhanced functionality
- Performed database optimization and query tuning to improve application performance

PHP Developer

Axnol Digital Solutions | November 2017 - January 2019 (1 year 3 months)

- Developed custom web solutions using PHP and MySQL to meet client requirements
- Collaborated with team members to troubleshoot issues and implement new features

Junior PHP Developer

vWave Technologies Trivandrum | July 2016 - October 2017 (1 year 4 months)

- Supported development of web applications using PHP, HTML, CSS, and JavaScript
- Gained hands-on experience with full software development lifecycle and agile methodologies

KEY PROJECTS

Hospital Management System - Badralsamaa Hospitals

- Developed comprehensive Hospital Management System using PHP, Laravel, MySQL, HTML, CSS, and JavaScript
- Designed and implemented RESTful APIs for seamless mobile application integration and real-time data synchronization
- Enhanced patient services and resource management across multiple hospital locations
- Improved administrative efficiency by 30% through automated workflows and streamlined operations
- Live Application: <https://badralsamaahospitals.com/>

Gokulam Medical College Application

- Built and maintained institutional website using PHP, Laravel, MySQL, HTML, CSS, and JavaScript
- Integrated doctors list API for dynamic profile retrieval and appointment slot management
- Developed hospital management module for optimized patient scheduling and resource allocation
- Increased online appointment bookings by 20% through improved website accessibility and performance
- Live Application: <http://sgmc.in/>

Cloud Tasker - Gym Management Application

- Developed gym-based SaaS application leveraging Laravel backend and React frontend
- Implemented responsive user interface with real-time updates and cloud-based task management
- Optimized MySQL database for efficient data management and retrieval

Rental Pet Request Application - Australian Market

- Built multi-state rental pet request application for Australian market using Laravel and React
- Integrated Flickitover digital signature API for secure agreement management between stakeholders
- Delivered responsive, user-friendly interface with enhanced performance and scalability

EDUCATION

Master of Computer Applications (MCA)

Annai Mathammal Sheela College of Engineering | 2015 | Score: 75%

Bachelor of Computer Applications (BCA)

St Antony's College Kanjirappally | 2012 | Score: 59%

Higher Secondary Education

Kerala Board | 2009 | Score: 72%

ADDITIONAL INFORMATION

Languages: English (Professional), Malayalam (Native), Hindi (Conversational)

Total Experience: 9 years in software development with progressive roles from Junior Developer to Senior Developer
