📍 Kollam , Kerala , India

Enthusiastic engineering graduate proficient in Linux environments and AWS cloud services, with a strong interest in project work and technical support. Excellent communication skills, a passion for learning new technologies, and a commitment to helping users resolve technical challenges efficiently. Seeking an entry-level opportunity to contribute to engineering projects and provide hands-on technical support within a dynamic team.

EDUCATION

B.Tech in Computer Science Engineering LBSITW , Trivandrum Percentage : 76 %	2020 - 2024
Higher Secondary Education NSSHSS , Kollam Percentage : 97.3 %	2018 - 2020
10th CBSE Sree Narayana Public School , Kollam Percentage : 92 %	2017 - 2018

SKILLS

Technical Skills:

- Programming & Web: Python, HTML, CSS
- AWS: EC2, S3, IAM, VPC, RDS, AWS CLI, Cloud Watch
- Linux: File management, file permissions, text editing (nano and vim), system monitoring, networking, package management, user management.

Tools: Zoho Desk , VSCode , MS Excel

Soft Skills: Communication, Cross-functional Team Collaboration, Time Management, Technical Documentation.

PROJECTS

Traffic management System

- A system which ensures that green signals are allocated longer durations during periods of higher traffic volume, thereby reducing congestion, minimizing delay times, and alleviating waiting times for commuters.

Automatic Seat Allocation in Examination Cell

- A desktop application in Java that automates the examination seating arrangement in our college.

Aws cloud Infrastructure Setup

- Deployed a high-available web application on AWS, leveraging EC2 for compute, S3 for storage and RDS for database management. Configured a LAMP stack (Linux, Apache, MySQL, PHP) on Ubuntu, including phpMyAdmin setup for efficient database management.

COURSE / CERTIFICATION

Advanced Aws cloud certification

July 2024 - Present

In depth certification course on Aws cloud system provided by Trinity Technologies

Certified Linux system administrator

July 2024 - Present

Certification course on Linux provided by Trinity Technologies

Networking Internship on Campus

March 2021 - May 2021

Internship certificate provided by LBS College

Web development

July 2023 - August 2023

Internship certificate provided by Internshala

EXTRACURRICULAR ACTIVITIES

Educator and Coordinator at Koode Organization (Part Of Teach For India)

February 2021 - March 2024

Designer - IEEE SB LBSITW

July 2022 - March 2023
