Professional Experience:

Client: TPI Infotech – Hyderabad.

July 2018 – October 2023

Role: Senior Associate – Customer Relationship Executive (Voice Process)

Responsibilities:

- Understanding client needs: CRMs work closely with clients to understand their needs, anticipate future requirements, and identify opportunities for upselling or cross-selling.
- Worked with projects like Immicompliance.com, dentalgro.com, and 18dentistry.com for the attorneys and for dental practices.
- Providing exceptional customer service: CRMs monitor letters, emails, messages, social media posts, and online reviews from customers for any issues they might have with the organization and its products or services. They also try to resolve their concerns as quickly as possible.
- Maintaining customer relationships: CRMs are typically responsible for customer relationships after the sale or service process is complete. They continue to work with customers to keep them up to date on products and services.
- Developing marketing campaigns: CRMs develop and implement marketing campaigns, promotions, and other initiatives to engage with customers and drive sales growth.
- Resolving escalated client issues: CRMs use CRM programs and CRM tools to resolve escalated client issues.

- Ensuring customers are aware of new and existing company products: CRMs ensure customers are aware of new and existing company products.
- Managed customer interaction across multiple channels, resulting in a 20% improvement in response time and a 15% increase in customer engagement.
- Resolved customer issues in a timely and effective manner, resulting in a 10% decrease in customer complaints and a 5% increase in customer satisfaction ratings.
- Collaborated with sales and marketing teams to develop targeted customer outreach campaigns resulting in a 10% increase in lead generation and a 5% increase in conversion rates
- Implemented CRM tools and software to streamline customer interactions and data analysis resulting in a 20% increase in efficiency and a 15% reduction in response time.
- Maintained accurate and updated customer records in the CRM system ensuring data integrity and enabling personalized customer interactions leading to a 10% increase in customer loyalty.
- Conducted market research to understand customer needs and preferences, informing product development decisions and resulting in a 10% increase in market share.
- Building strong relationships with customers and understanding their issues and to meet customer needs.
- Worked closely with account users by developing oral negotiation and connections.
- Excellent in conveying the client's requirements to the team leader, converting cold calls into new assignments, and taking follow-ups daily.
